A number of people have engaged in dialogue with me — and with this text — on multiple occasions. I am grateful to my colleagues at Desjus/Cebrap for reading the first draft of this article and offering valuable feedback. I would like to thank Ana Cláudia Lopes Silveira, whose presence and insights I deeply miss, for her generous comments at the Desjus meeting. I also thank Ina Kerner for her thoughtful observations during the Zertifikat Gender Studies seminar, as well as all those who participated in the event. Finally, I am especially grateful to Lucas Petroni for his careful reading of the various versions of this text.
