

Erratum

Table 3 in the article entitled "Hospital mortality rates of infants with birth weight less than or equal to 1,500 g in the northeast of Brazil," published in Jornal de Pediatria, vol. 83, no. 1, page 31, contains an error: mortality results are expressed in ‰ (per thousand) rather than in % (percent), as published.

The correct version of the table is reproduced below.

Tabela 3 - Hospital mortality coefficients and excess risk by weight (Fortaleza vs. VON, 2002)
