*Chlorotettix dentatus* Zanol, 2001: 389 **non** *Chlorotettix dentatus* Sanders & DeLong, 1923: 154

SANDERS & DELONG (1923) described *Chlorotettix dentatus* from material collected near Washington, D.C., USA. ZANOL (2001) described a new species from Colombia, and named it as *Chlorotettix dentatus*, becoming, therefore, a primary homonym.

A new replacement name, *Chlorotettix hamiltoni* **nom. nov.**, is given here, in honor to K.G.A. Hamilton.
