Em editorial no fascículo nº 1, janeiro-fevereiro de 2009, apresentou-se o desempenho da Acta Cirúrgica Brasileira referentes aos anos de 1986 a 2000<sup>1</sup> e de 2001 a 2005<sup>2</sup>, nos quais se destacava a distribuição geográfica dos autores, o número de artigos nacionais,

o número de artigos do exterior e o número de suplementos no período.

Decidimos investigar a participação interinstitucional e interdisciplinar da revista nos anos de 2007 e 2008.
