

**Diversity within unity**  
Diversidade dentro da unidade

Rosali Plentz, *Sem título (Untitled)*, 2012, acrylic on canvas, 1.10 x 0.90 m.  
rosaliplentz@hotmail.com

Diversity within unity: this is what the creative act is all about. The artist is always trying to create difference through the use of particular colors, or particular shapes, or by the way elements are visually organized. The different options chosen by the artist to express herself, always in a constructive, organized, geometric approach, is the pictorial language used to reveal diversity within sameness.
