

Erratum: Contribution of the Brazilian National Forest Inventory to the knowledge of Cerrado woody flora

In the article “Contribution of the Brazilian National Forest Inventory to the knowledge of Cerrado woody flora”, with the DOI code number: <https://doi.org/10.1590/1676-0611-BN-2021-1306>, published at Biota Neotropica 22(1): e20211306, after the “Supplementary Material” section read:

Acknowledgements

We thank the Serviço Florestal Brasileiro for providing the data used in this paper, as well as the many plant taxonomists that worked on the identification of the IFN Cerrado collections and curators of the herbaria CEN and UB for their support. We also thank Bruno Walter, João Bringel, Bianca Schindler and Maurício Figueira for their feedback on a preliminary version of the manuscript. The Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES) provided FKK a Master’s scholarship under process n. 88882.384527/2019-01 (Finance code 001). MFS acknowledges a productivity grant from the National Council of Scientific and Technological Development (CNPq, n. 305570/2021-8).
