

RETRACTION: Prediction total specific pore volume of geopolymers produced from waste ashes by fuzzy logic

Due to the high level of similarities with others papers published in the literature by the same research group, Materials Research, based on report by a Scientific Committee, decided to retract the paper:

Nazari A and Khalaj G. Prediction total specific pore volume of geopolymers produced from waste ashes by fuzzy logic. *Materials Research*. 2012; 15(2):242-252. <https://doi.org/10.1590/S1516-14392012005000010>.
