

RETRACTION: Studies on cement-based soil stabilizer properties using nano-SiO₂ with bentonite clay

The Editorial Board of Revista Matéria formally announces the full retraction of the article:

JOSE, Prakash Arul, PROY, Nisha. Studies on cement-based soil stabilizer properties using nano-SiO₂ with bentonite clay. Rev. Matéria. 2024, v29n4: e20240539. DOI: <https://doi.org/10.1590/1517-7076-RMAT-2024-0539>

Since the article published by Prakash Arul Jose and Nisha Proy was plagiarized from the article published by Xingchen Zhang et al:

ZHANG, X., GAO, J., FAN, H., LI, X., GAO, Z., XUE, L., SUN, S. Study on the Mechanism of Nano-SiO₂ for Improving the Properties of Cement-Based Soil Stabilizer 2020, v10 issue 3 - <https://doi.org/10.3390/nano10030405>
