

ERRATUM: Smartphone addiction among adolescents: associations with mental health, physical inactivity, daytime sleepiness, and consumption of ultra-processed foods

In the manuscript: Amaral LL, Meireles BB, Carneiro LC, Rodrigues CAO, Tibães HBB, Silva RRV, et al. Smartphone addiction among adolescents: associations with mental health, physical inactivity, daytime sleepiness, and consumption of ultra-processed foods. *Rev Paul Pediatr.* 2025;43:e2025019. <https://doi.org/10.1590/1984-0462/2025/43/2025019>

On page 4, 1st column, 4th paragraph

Where it reads:

Variables with a p-value <0.20 were included in a multivariate model using Poisson regression with robust variance.

It should read:

Variables with a p-value <0.20 were included in a multiple model using Poisson regression with robust variance.

On page 4, 1st column, 6th paragraph

Where it reads:

As for smartphone addiction, 50.4% of the students had this condition, showing a significant prevalence among young people.

It should read:

As for smartphone addiction, 54.9% of the students had this condition, showing a significant prevalence among young people.
